

## COMMONWEALTH BUREAU OF CENSUS AND STATISTICS

In reply quote No.

EIGHTH FLOOR,  
DA COSTA BUILDING,  
68 GRENFELL STREET,  
ADELAIDE.

### BUILDING APPROVALS

SOUTH AUSTRALIA

DECEMBER 1961

1. Statistics of building approvals have been compiled from (a) particulars listed on returns from local government authorities of permits issued to private persons and bodies for building in areas subject to building control, (b) particulars, furnished on the same returns, of building known to be projected or to have been started in areas beyond such building control but within the general jurisdiction of such authorities, and (c) details of contracts let or expenditure authorized by governmental and semi-governmental authorities shown on returns furnished by these authorities. See also Note (e), Table 5.
2. The statistics relate only to buildings as distinct from the construction of roads, bridges, railways, earth works, water storage, etc.
3. Values shown represent the estimated cost when completed (excluding cost of land) of new buildings and of additions and alterations to existing buildings. Additions of £5,000 and over to existing buildings (other than houses) are regarded as "new" buildings and are included in the figures shown in Table 2.
4. Building is classified as "private" or "Government" according to ownership, e.g. the majority of homes built by Government housing authorities are classified as "Government" even though some are intended to be sold on completion.
5. For purposes of comparison it should be borne in mind that the volume of building approvals is affected from month to month by the incidence of large projects such as blocks of flats, hospitals, multi-storey office buildings, etc., and also by the administrative arrangements of local government and semi-governmental authorities.
6. During the three months October to December, 1961, the number of dwellings approved for private owners totalled 1,548, a decrease of 166 from the figure of 1,714 for the three months July to September, 1961, but only 38 less than the 1,586 approved during October to December of the previous year. Value of other new buildings (Private and Government combined) approved during October, November, and December, 1961 was £6,153,000, which was £943,000 more than for the previous three months but £2,800,000 less than for the corresponding period in 1960. Value of all buildings approved during the three months October - December 1961 was £13,745,000, a decrease of £782,000 from the figure for the previous three months and £7,260,000 less than for October to December, 1960.
7. The following tables show further details of building approvals for December 1961 compared with details for earlier months.

(a) Includes "Home Units". (b) According to material of outer walls. (c) Includes also Brick Veneer, Concrete, and Composite. (d) Mainly weatherboard. (e) Prior to July 1961 the information shown in this table was compiled solely from returns from Local Government bodies and included permits granted for the construction of houses etc. for Governmental Housing authorities. From July 1961 compilation has been as indicated in paragraph 1 on page 1 of this bulletin.
